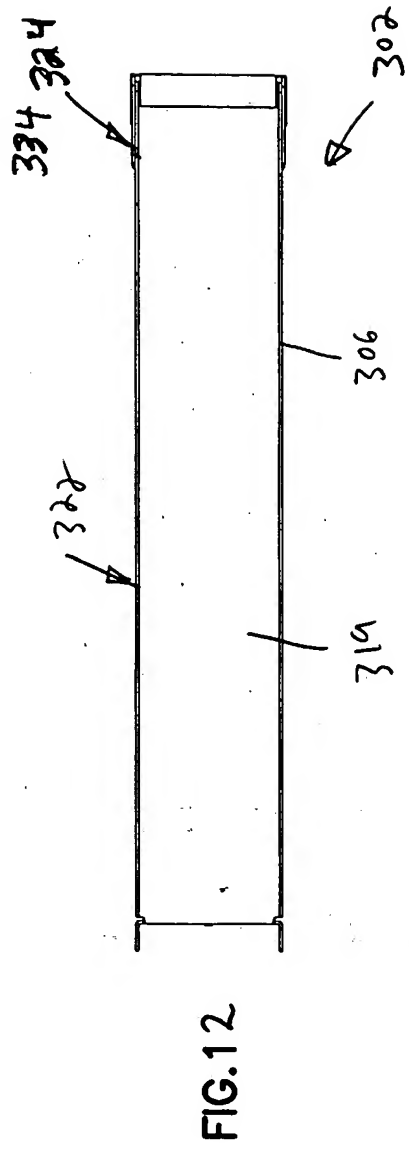

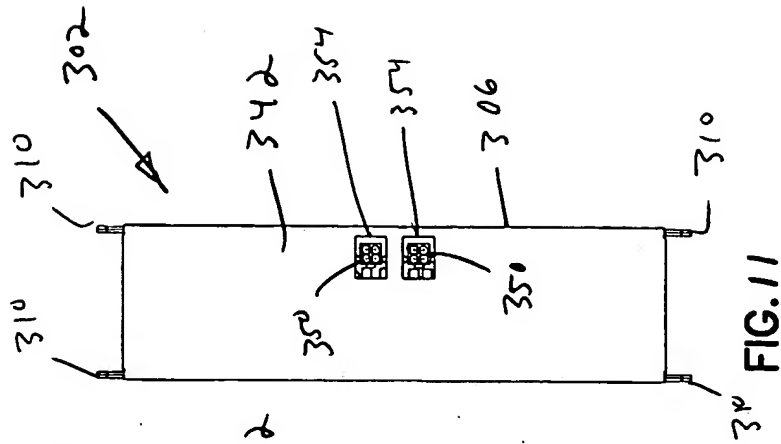

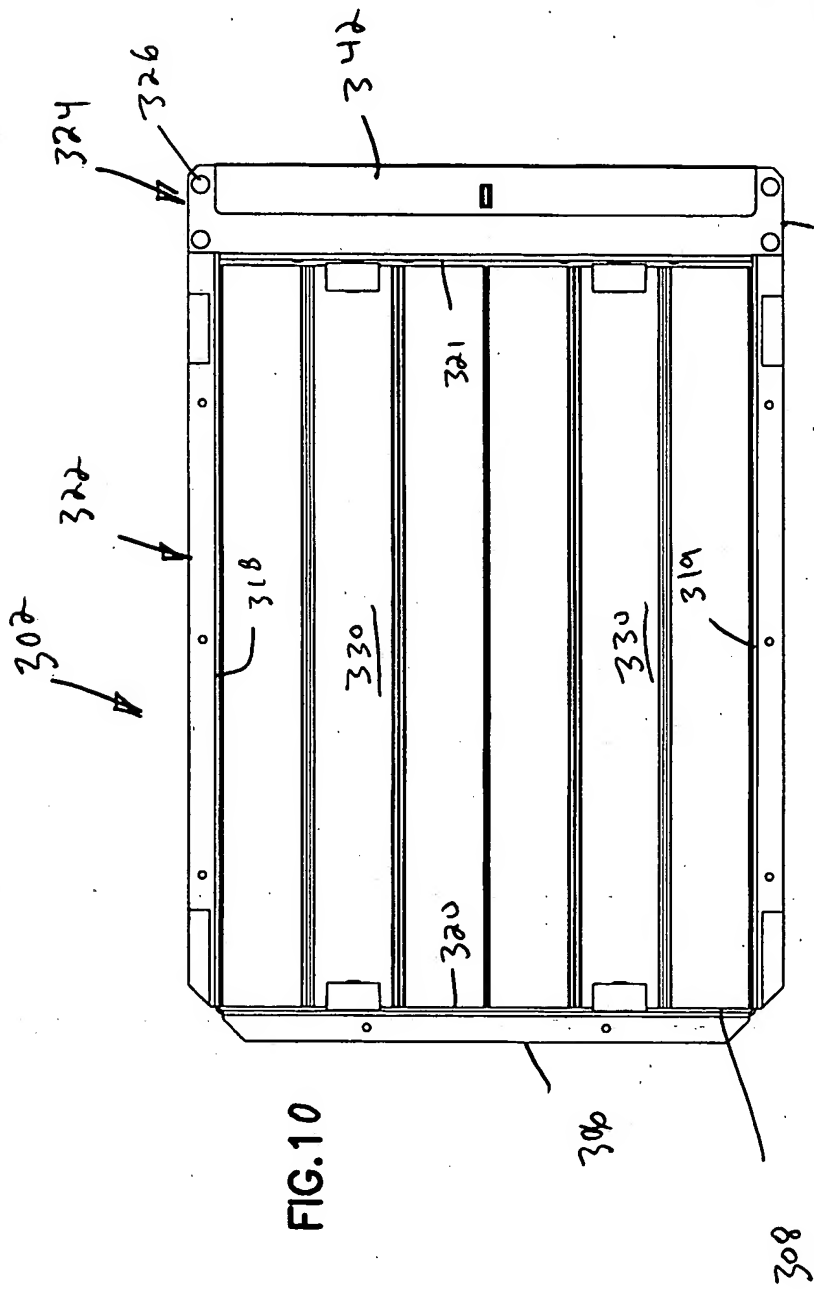

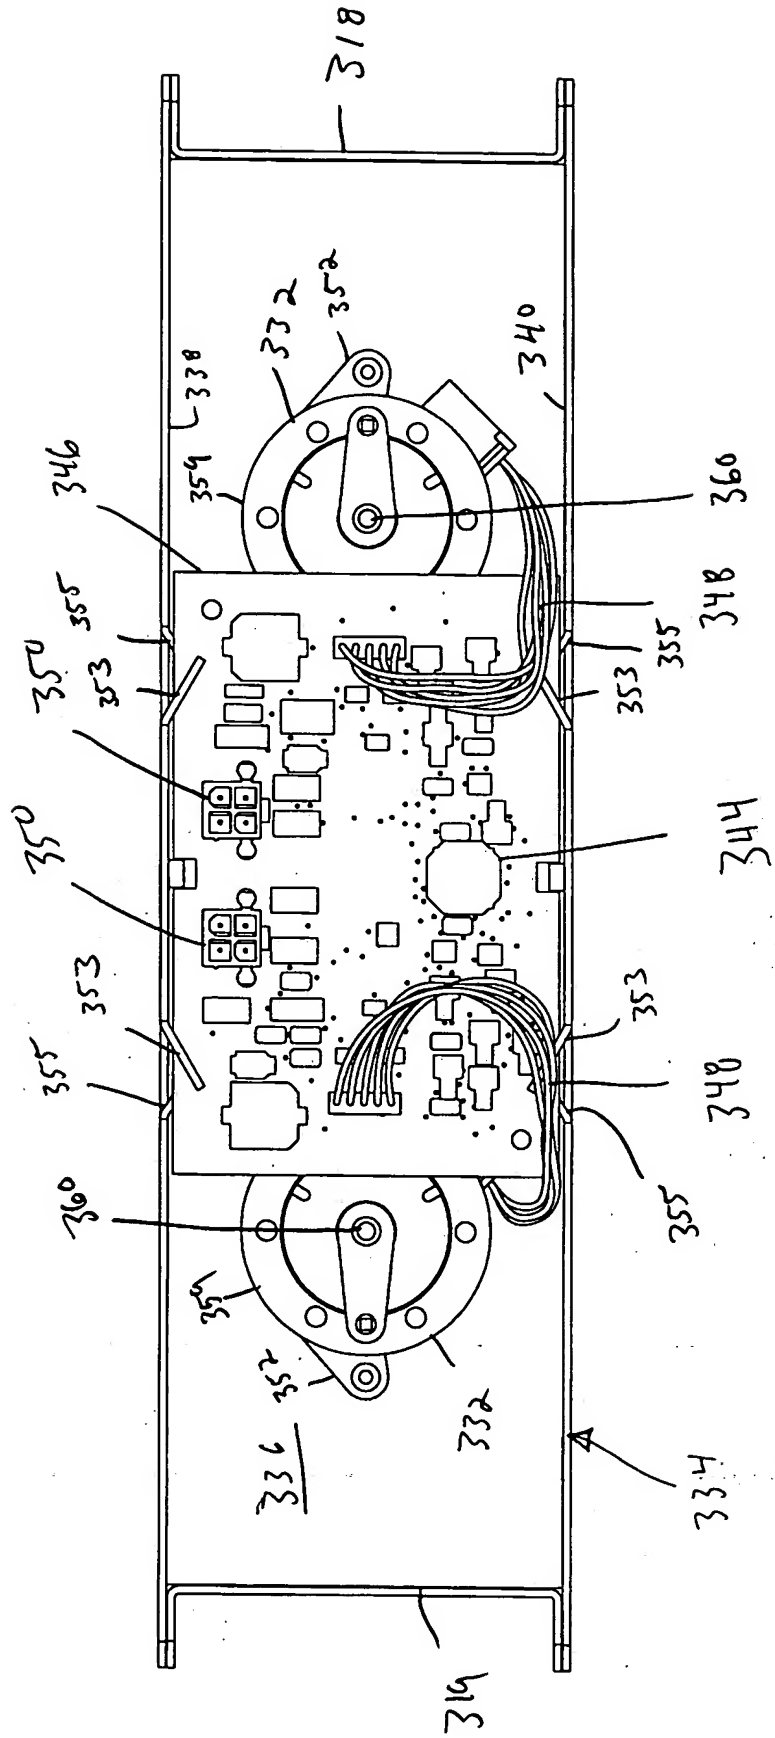

FIG.13

This diagram shows an exploded perspective view of a device assembly. The main components and their labels are as follows:

- 318**: The top cover or housing, shown at the top of the assembly.
- 340**: A central rectangular component, possibly a display or a main circuit board, positioned in the middle.
- 332**: Two circular components, likely speakers or sensors, located on the left and right sides of the central component.
- 346**: A component located below the central rectangular component.
- 338**: A component located below the central rectangular component, adjacent to 346.
- 360**: A component located below the central rectangular component, further towards the bottom.
- 350**: A component located below the central rectangular component, further towards the bottom.
- 356**: A component located below the central rectangular component, further towards the bottom.
- 360**: A component located below the central rectangular component, further towards the bottom.
- 352**: A component located below the central rectangular component, further towards the bottom.
- 353**: A component located below the central rectangular component, further towards the bottom.
- 354**: A component located below the central rectangular component, further towards the bottom.
- 355**: A component located below the central rectangular component, further towards the bottom.
- 319**: A component located at the bottom of the assembly, possibly a base or a support structure.
